The secret of the Porta Nigra

The city of Trier, with almost 2000 years of history, offers accompanying persons and eliminated players an extensive social programme.

Adventure tour: The secret of the Porta Nigra

Be there live when the Porta Nigra has to be defended against attacking barbarians? That's possible! In the adventure tour "The Secret of the Porta Nigra", participants can expect a fascinating journey back in time to Roman Trier 1800 years ago, when life was dangerous and daily work was arduous - even more so as a Roman soldier. Accordingly, the centurion has a lot to tell: Played by a professional actor, he tells of glorious splendour and gloomy struggle, of glory and transience, of Roman pride and barbarian defiance.

Wine tour followed by wine tasting in one of the oldest wine cellars

Small guided tour of Germany's oldest city and visit to the Bishop's Winery. Experience a guided tour with wine tasting in one of the oldest wine cellars in Germany and learn all about the special wines of the Moselle.

Hygiene - Info

Dear Tournament Participants, we ensure that all measures are taken at the venue to comply with the prescribed hygiene measures. The boards and all equipment are disinfected after each match.

Through all these measures, we believe that we can offer each participant the greatest possible protection.
